

Digital Crane Scale EWO

Available weighing ranges : 0 - 900 kg | 0 - 2.000 kg

Unbeatable in precision, handiness & functionality

Product features:

- ✓ 60 mm LED display
- ✓ Powerful Li-Ion battery
- ✓ Versatile: triple-range scale with peak hold, zeroing and tare functions
- ✓ Free calibration certificate on request

Released for the transport
of goods according to
EN 13155

5x safety factor
Absolutely safe thanks to
high-quality components

Digital Crane Scale EWO

Easy Handling

Easy to operate, even with gloves, via large push buttons directly at display. Peak hold, TARE and zeroing functions facilitate operational use.

Light & handy

Due to its light weight, the EWO is also ideal for mobile use

Illuminated display

The high-contrast OLED display reliably shows the weight and status of the scale even in difficult lighting conditions.

Technical Data

- Weighing ranges: 0 - 900 kg or 0 - 2,000 kg
- 0.04% accuracy of load cell
- Powerful 12V 2,8Ah Li-Ion battery pack
- Operating range from -5°C to +45°C

Also matching hook
& master link
available!

Type	Weighing range	Readability d	Length
EWO 900	0 - 300 kg 300 - 600 kg 600 - 900 kg	0,05 kg 0,1 kg 0,2 kg	295mm (with Omega shackles)
EWO 2000	0 - 600 kg 600 - 1200 kg 1200 - 2000 kg	0,1 kg 0,2 kg 0,5 kg	485mm (with hook & hanging ring)

Why EHP? Advantages of our products

Easy to read display

Above-average size - high contrast LED display

No weighing errors

Highest measuring accuracy

Best quality

Made in Germany - with 3-year guarantee on accuracy and function of load cell

Efficient weighing

Prompt & exact results due to the integrated measuring process, no further tare limit

Comprehensive Service

We are a reliable partner for you, even after years of use - regardless whether it concerns calibration, repairs or spare parts

Absolutely safe

EHP crane scales have a mechanical safety factor of 5: 1, all hoist assemblies and chain components are type-tested

Transport & weighing

Compared to other manufacturers, our scales are not only approved for pure weighing. Due to the high safety standard, goods can also be transported with our crane scales (according to EN 13155)

Audited

All hoist assemblies and chain components are type-tested and manufactured by renowned brand manufacturers

Tested

All our scales are calibrated on our test stands. Optionally and free of charge, we will be happy to issue a calibration certificate for your new crane scale

Product details

Robust protective cover & LED display

Remote control included

Large LED display and control panel
